

ABOUT

660L Wheeled Locker

Stratex 660L Wheeled lockers provide an ideal combination of large capacity, robust design and easy manoeuvrability. Specifically designed for use in commercial and high density residential applications, the bins incorporate a range of features.

FEATURES

- Designed manufactured and independently certified to AS4123-2024, the Australian Standard for Mobile Waste and Recycling Containers.
- UV stabilised to resist premature aging by Australian environmental conditions.
- Superior quality, consistency and long term performance.
- Easy to open lid with full width handle.
- Honeycomb under lip reinforcement for lifting.
- Smooth interior for easy cleaning and emptying.
- Solid rubber tyres on heavy duty castors.
- Supplied with brakes on two wheels.
- 5 year manufacturing warranty.
- 40kg weight.
